

for a living planet

The 2010 Target:

relevance and limits for a biodiversity protection stakeholder

Paris 16 February 2010

Rolf Hogan

Biodiversity Manager, Global Policy, WWF International

WWF's experience of the 2010 targets

1. How did they help? And where?
2. Did they have adverse effects?
3. Could they have been designed better?

LIVING PLANET REPORT

LIVING PLANET INDEX (NATURE DECLINING)

ECOLOGICAL FOOTPRINT (HUMAN IMPACT GROWING)

Fig. 1: LIVING PLANET INDEX, 1970–2003

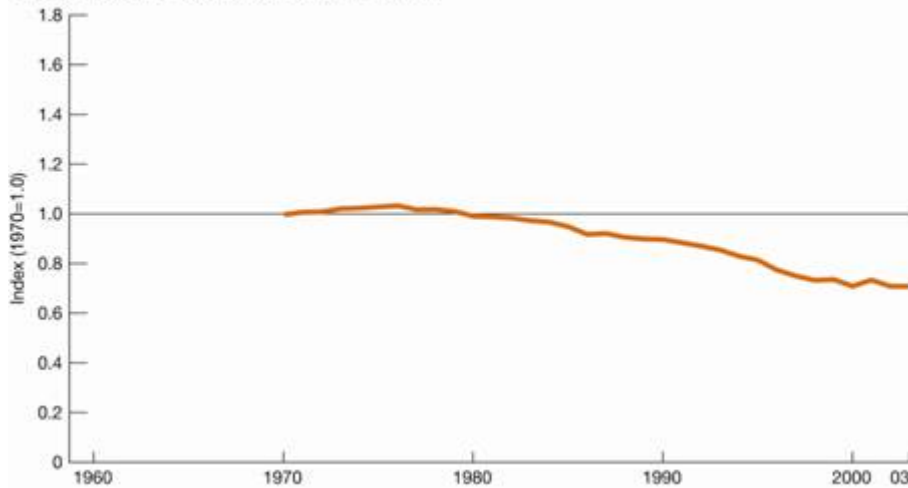

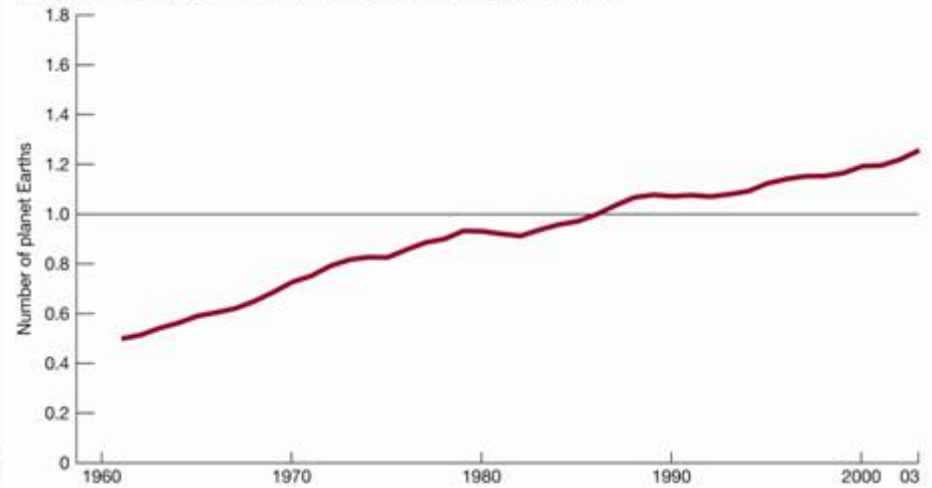

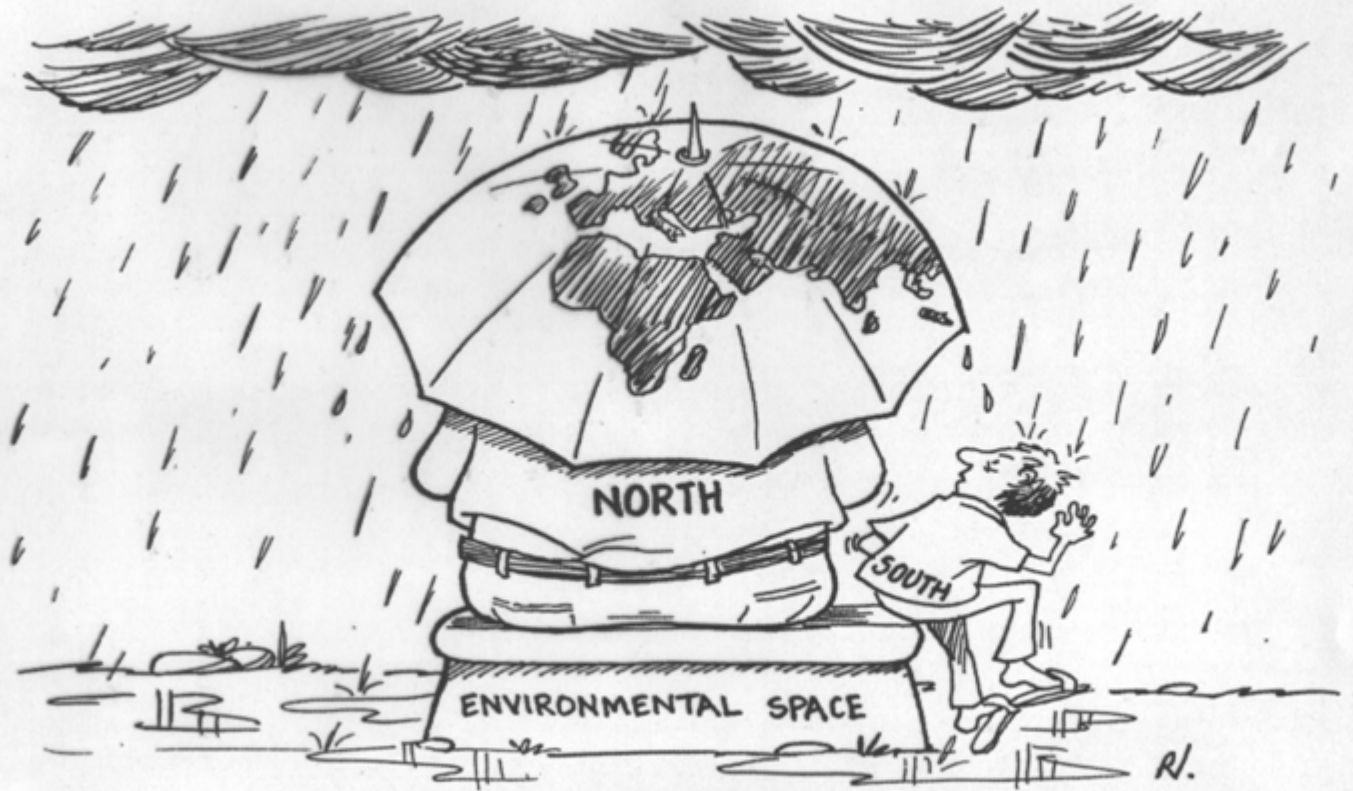

Fig. 2: HUMANITY'S ECOLOGICAL FOOTPRINT, 1961–2003

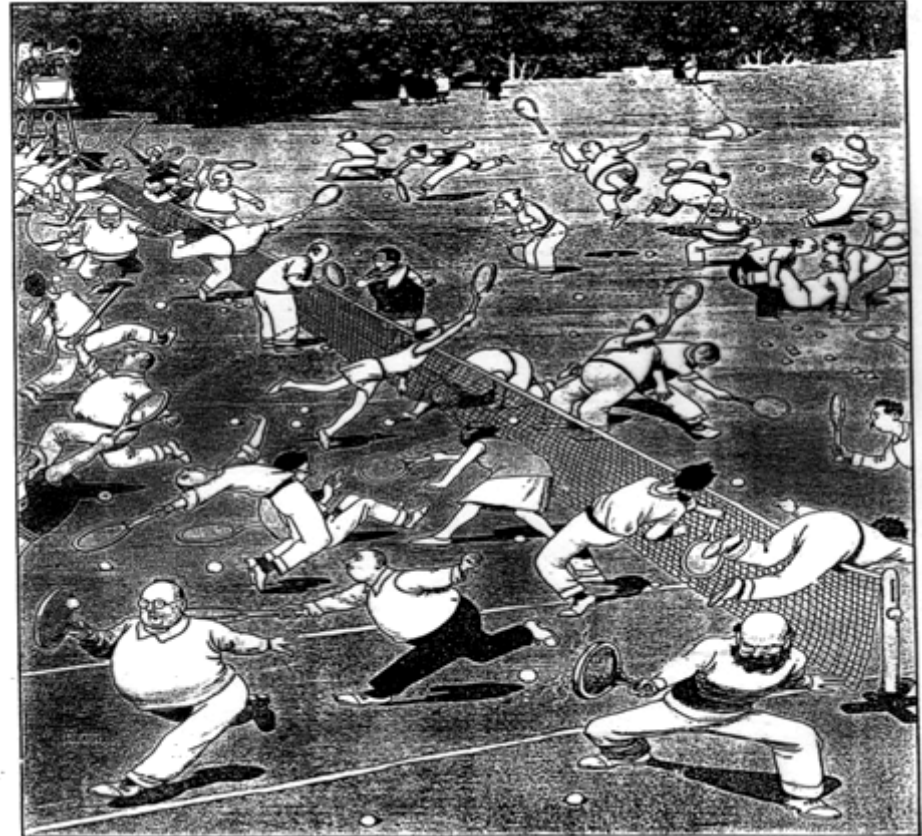

Space for Biodiversity and Development

What did the 2010 targets bring?

- Comprehensive approach
- Collaboration
- Attention to biodiversity

Comprehensive Approach

- **Common targets & indicators**
- **Full range of issues**
 - **State** of habitats & species
 - **Pressure** -- drivers
 - **Response** -- conservation efforts
 - Indigenous Peoples
 - Linguistic diversity
- **Convention on Biological Diversity**
 1. Conservation
 2. Sustainable use
 3. Equitable sharing of benefits

CBD Programme of Work on Protected Areas

Targets:

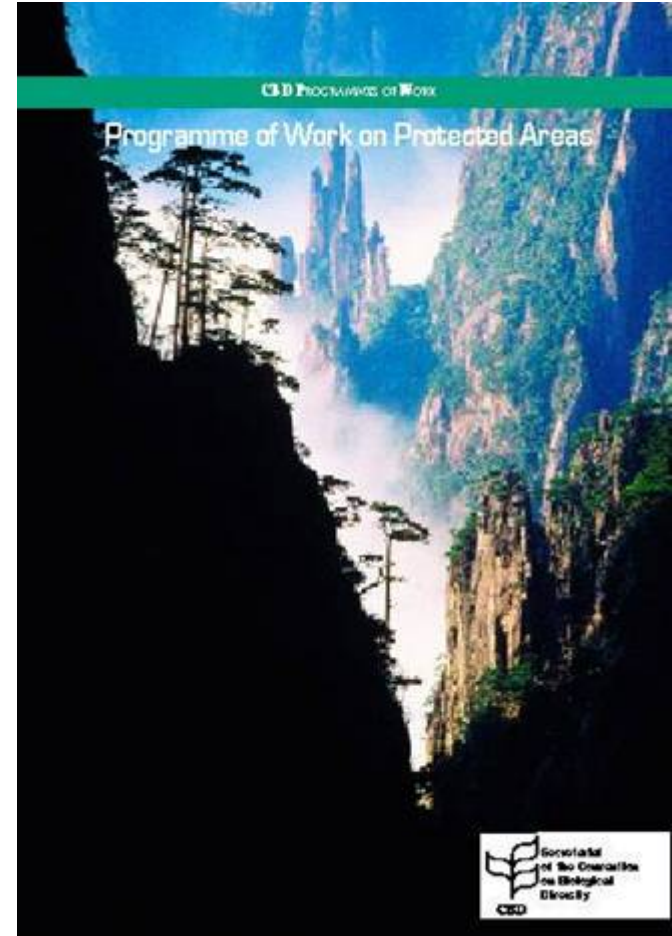

- Strong timelines and targets
- Main tool for 2010 Target

Framework:

- Common work plan for stakeholders

Global support:

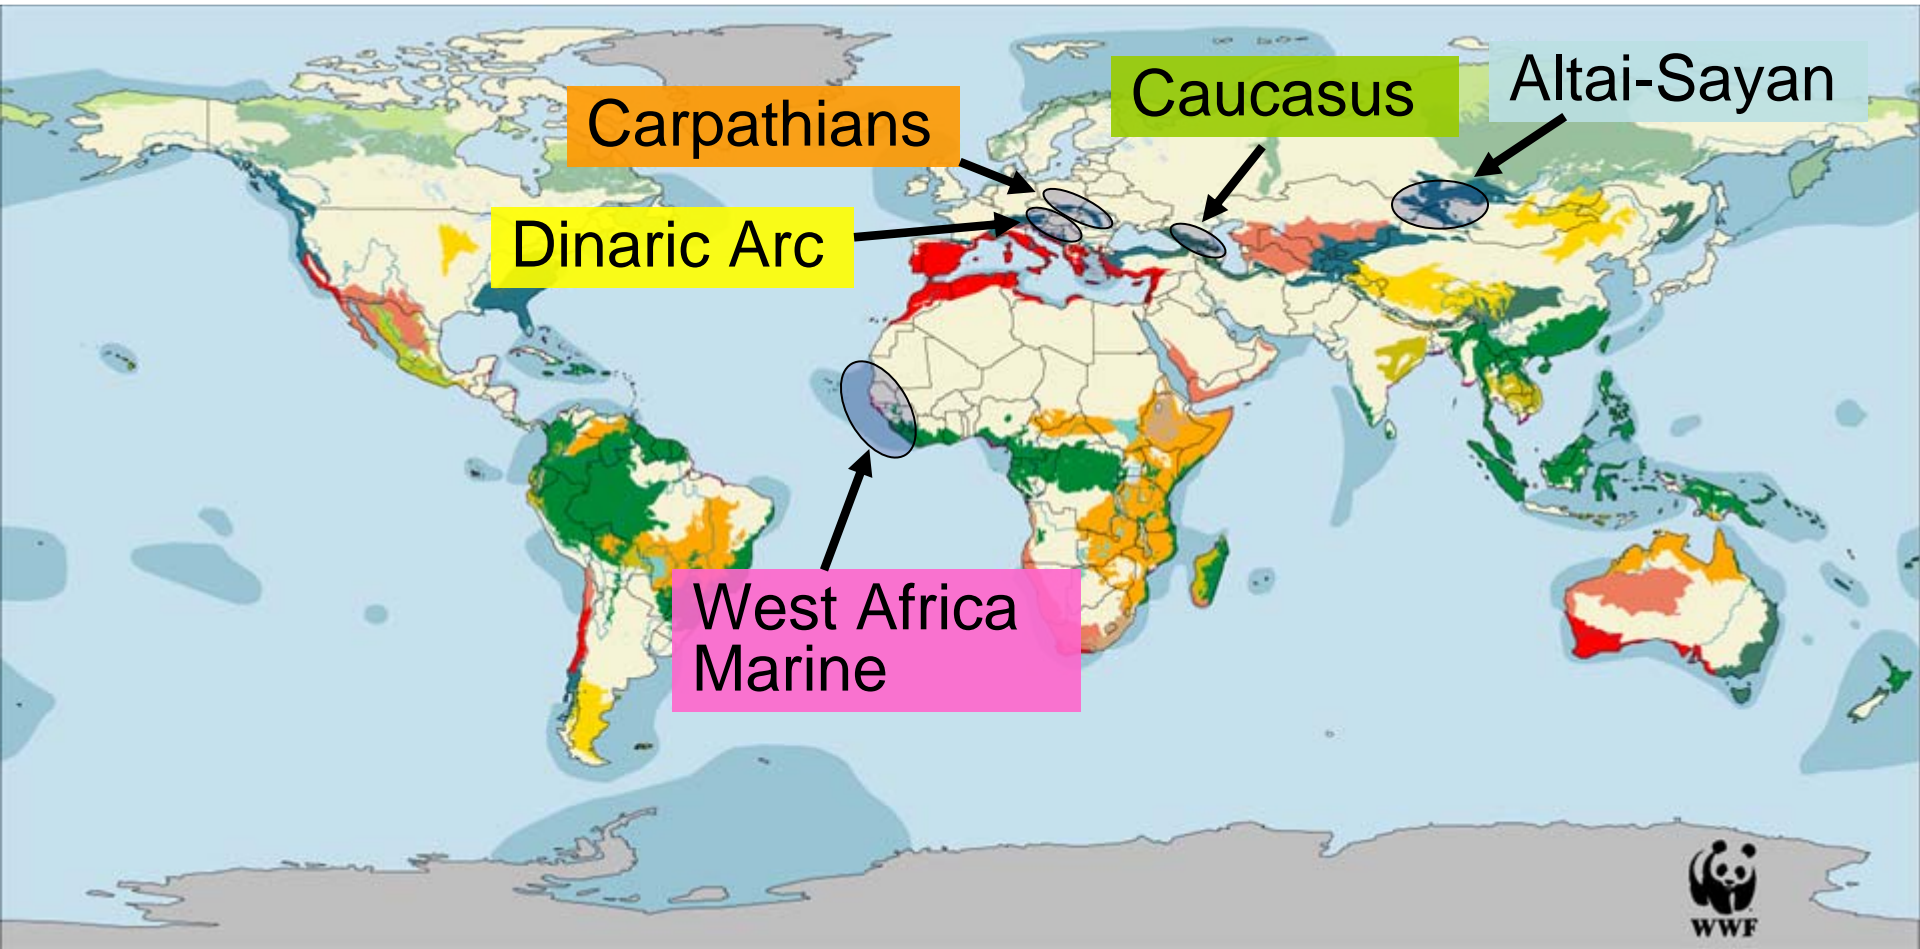

- 192 CBD Parties
- Development agencies
- NGOs
- Indigenous Peoples

Protected Areas for a Living Planet

To enable governments to achieve the targets of the
CBD Programme of work on Protected Areas

Approach

1. Multi-stakeholder & transboundary

- Governments, development agencies, local communities, NGOs, scientists
- Priorities
- Synergies

2. Strategic activities

- Capacity building
- Local people
- Sustainable finance

3. Global progress

4. Inform future global policy

5. Sustainability -- exit strategy

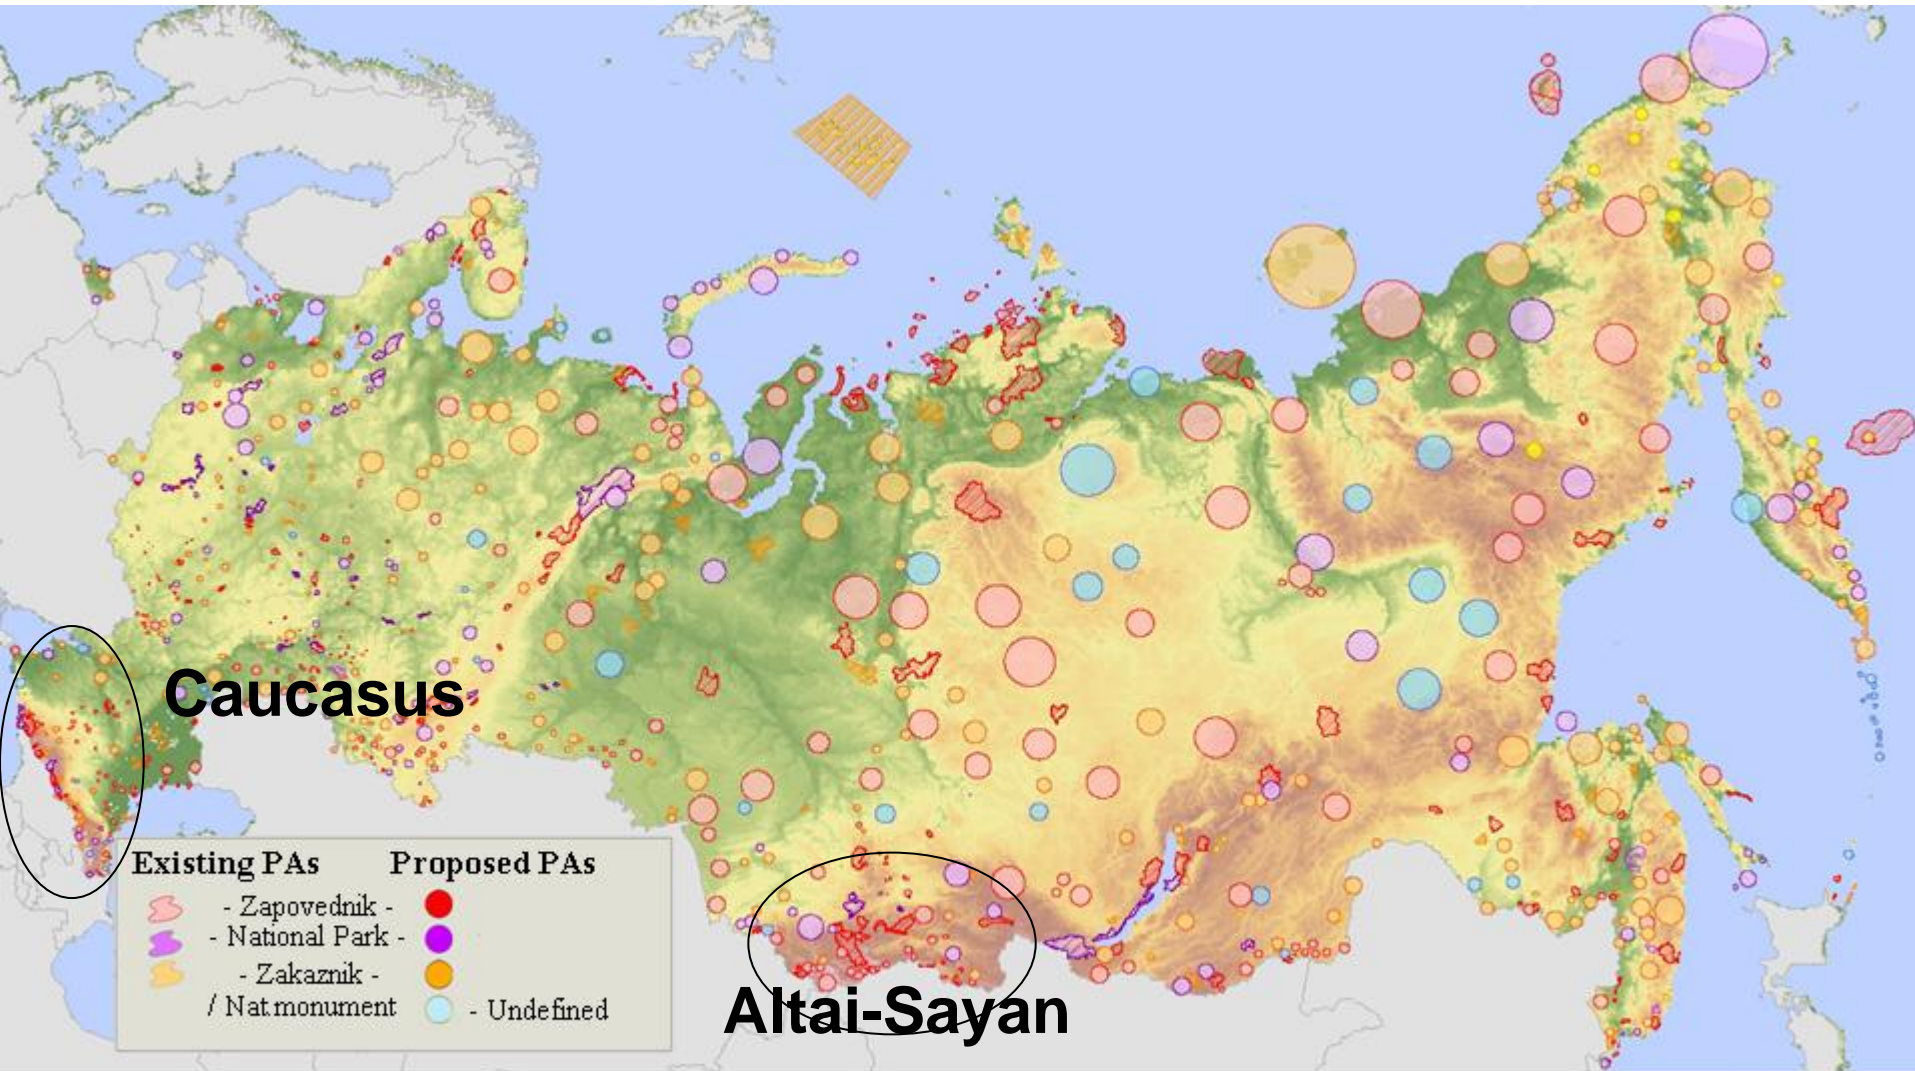

Mongolia: collaboration

UNDP/GEF-funded National Gap Analysis

Russia: 1st national gap analysis

566 new PAs – 183 million hectares.

Caucasus: Multi-stakeholder

Caucasus Biodiversity Council

- Transboundary PAs
- Trust Fund

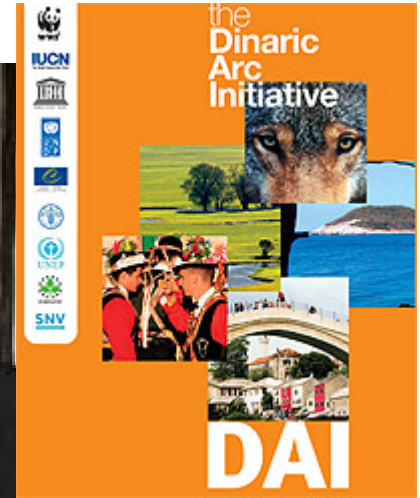

National Committees

- Capacity building
- Legislation & institutional reform
- Sustainable finance

Dinaric Arc: high-level commitment

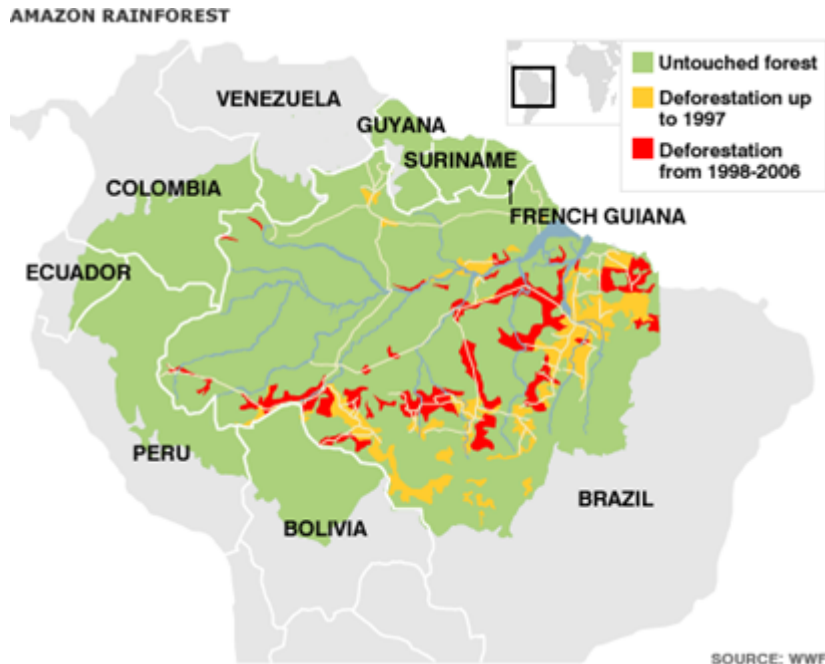

West Africa: Local People

Amazon: transboundary cooperation

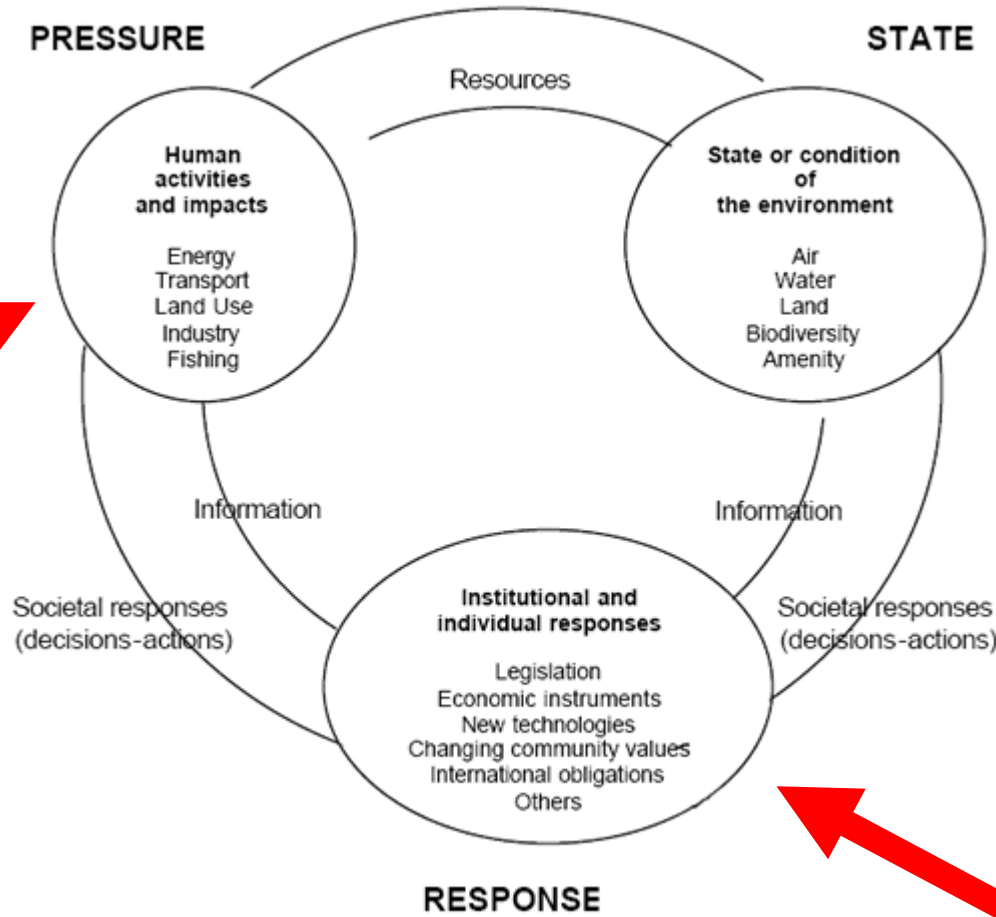

Towards a regional conservation vision for the Amazon Biome

Building a Pan Amazonian Protected Areas Initiative

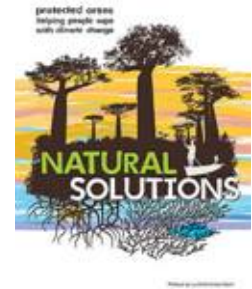

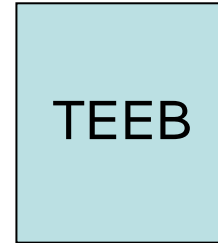

Can we design better targets?

Who will deliver on post-2010 targets?

- **Environment ministries can't do it alone**
- **Need to engage other sectors of government**
 - Ministries of Fisheries, Agriculture and Energy
 - Finance
 - Development assistance
 - Business and industry
- **Communication**

Thanks for your attention !
